

CITY COUNCIL, CITY OF LODI
CITY HALL COUNCIL CHAMBERS
JULY 17, 1967

An adjourned regular meeting of the City Council of the City of Lodi was held beginning at 5:07 p.m. of Wednesday, July 17, 1967, in the City Hall Council Chambers.

ROLL CALL

Present: Councilmen Brown, Culbertson and
Hunnell (Vice-Mayor)

Absent: Councilmen Walton and Kirsten (Mayor)

Also present: Administrative Assistant Peterson
and Mr. Marv Putnam.

FOUNTAIN FOR
CIVIC CENTER
MALL

Mr. Putnam showed the Council the rendering of the fountain which had been proposed by the Council at its meeting of July 12. He explained how the bubblers worked and said there should be no problem with splash control. He had added a tray to the center tank and four small jets in order to make the center area the focal point. He suggested using red, amber and magenta lights in all three tanks, with the small jets in the center tank being a constant color. Mr. Putnam also recommended that the pump be installed in a pump pit under the fountain. After discussion, the Council agreed to this location and decided that the hatch for the tunnel leading to the pump should be located in the area of the flower bed on the west side of the City Hall. Mr. Putnam felt there would be no problem with wind, but said he would include sufficient conduit so that a wind control device could be installed if necessary.

Mr. Putnam said it would probably take an architect four weeks to get the plans and specifications ready, two weeks to advertise for bids, and around two months to complete construction after award of contract.

Councilman Brown moved that the design for the fountain as presented by Mr. Putnam be accepted, that the fountain be located in the area staked out in the Mall, and that Mr. Putnam be authorized to proceed. The motion was seconded by Councilman Culbertson and carried.

ADJOURNMENT

There being no further business, the Council adjourned at 5:55 p.m.

Attest: BEATRICE GARIBALDI
City Clerk
